preview

**! By approving this visual, you accept the following deviations**

- 1. When printing on coloured bottles, it is necessary to print a white underlay first. In some cases an outline is visible.
- 2. Dark bottles are more sensitive to scratches and scuff marks.
- 3. When printing a multiple colour design, where the colours meet a 0,5 mm tolerance in closure must be accepted
- 4. When printing full colour process CMYK, the end result is mat, pixelated and can deviate from the visual proof. Our raster size is 34 dpi.

 Bottles are dishwasher safe up to 40° C !

In order to avoid a production delay, **please confirm within 24 hrs.**
